**Date:09.12.2024**

## **ENCOURAGEMENT OF INTERNSHIPS IN INDIAN KNOWLEDGE SYSTEMS**

In alignment with the strategic objectives of the Ministry of Education (MoE) and the All-India Council for Technical Education (AICTE), over 1,000 internship opportunities have been established to facilitate in-depth exploration of Indian Knowledge Systems (IKS) over a two-month period. These internships engage students in targeted research projects, workshops, and related activities, with progress meticulously tracked through monthly reports submitted by interns and evaluations provided by their mentors. Participants are encouraged to sustain collaborations with experts to further advance research in IKS and related fields, such as Disaster Management, beyond the internship duration, fostering long-term academic and innovative contributions (<https://iksindia.org/>).

**Guru Nanak College, Jhajra, Dehradun** is committed to promoting student participation in these internships and project initiatives, emphasizing the development of expertise in Indian Knowledge Systems and associated disciplines.

Sincerely

**Principal**
