Jhajra, Dehradun

(Approved by AICTE, New Delhi, Affiliated to Sri Dev Suman Uttarakhand University)

Ref. No: GNC/PO.0081

Date:09.12.2024

FABRICATION FACILITY LABORATORY(FABLAB) TINKERING LABORATORY/INNOVATION LABORATORY

Pursuant to the established curriculum and requirements for the Bachelor of Business Administration (BBA) and Bachelor of Computer Applications (BCA) programs, the incorporation of Fabrication Facility Laboratory (FABLAB), Tinkering Laboratory, or Innovation Laboratory is not stipulated. These facilities are primarily tailored for engineering and technical disciplines that emphasize hardware prototyping, mechanical design, and product fabrication, which are not integral to the core objectives of the BBA and BCA programs.

The BBA and BCA curricula are strategically focused on management, business analytics, software development, and information technology applications. These areas do not necessitate the specialized physical infrastructure or equipment provided by FABLAB, Tinkering, or Innovation Laboratories. Consequently, these facilities are not included in the provisions for the aforementioned programs.

Sincerely

**Principal
